HARDIN: He thought that, Billy said that he thought that ah, Tommy probably burned it, you know, cause he was well known about burning things. Ol Tommy burned, he's well known about burning things.

TURNER: Do you know things that he has burned?
Rumors or anything that he's burned or any knowledge you have that he,

HARDIN: Oh, that he's burning things?

TURNER: Yeah,

HARDIN: Oh, no, I never heard of him burning anything, and, you never can tell, he might, but, that's what Billy was saying, that he's well known about burnin' things, you know, but I never heard of him, he never did tell me nothin' about burnin' things (inaudible) but ah, have you talked to ol' Billy Hammons (inaudible), see I don't know Tommy that good, when I see him, you know, ah, really I, I don't know him that good at all. I'd kid with him all the time, played football with him (inaudible) but ah, other than that, I don't know him that good. Berry, and ol' ah Billy Hammons, they know him real good. Have you talked to Billy Hammons?

TURNER: I haven't, no, haven't talked to Billy,

HARDIN: You ought to talk to ol' Billy, he (inaudible) say somethin' about he told me he was well known about burning things, and see what he'd say (inaudible) that's what he said to me, that Tommy was well known for burnin' things. But in my opinion, I think he did it.

TURNER: Just from what his actions was when you was talkin' to him about it?

HARDIN: Yeah, his whole attitude changed when I'd tell him that I had seen his picture at McNally's and they was goin' to get him this time (inaudible)

PAGE 10
MELVIN HARDIN

HARDIN: But his whole attitude changed.

TURNER: Did he, did he ever just mention, did he ever just say yeah, I robbed McAnally's or did he just say ah,

HARDIN: No, he never just say nothin' like that, he just told me, he said ah, when I'd say you did it this time (inaudible), and he say yeah I did it, I did it (inaudible), but they will never find her, thats all. Thats all he ever said to me (inaudible) he never did say McAnallys or what ever the name was,

TURNER: What would you say, you just tell him where you'd just seen his picture, did you ever mention McAnallys yourself?

HARDIN: No,

TURNER: Ok, you just say

HARDIN: I seen his picture out there at McAnallys you know, we worked for (inaudible) Taylors, we'd go out there and get a coke all the time,

TURNER: Yeah,

HARDIN: And I see ol' Tommy Wards picture, and ah, I didn't recognize that one guy. he don't look like him on that picture. Oh, the one guy you got in jail, but that's the same guy that was with Tommy to be in jail now. That I seen down at Loves, you know, when I seen his picture at McAnallys, I couldn't recognize the other guy but ah, cause it really don't look like him to me, does it to you?

TURNER: Yeah, in a way,

HARDIN: It does?

TURNER: Yeah,

HARDIN: Well, I don't know him that good, just from seeing at Loves, and seeing him on TV, it looks identical you know, but that one there in the picture doesn't, but Tommy (inaudible) Tommy to a "T", man that is weird. Wonder how they do that?

PAGE 11
MELVIN HARDIN
11-16-84

TURNER: They've got an artist in Oklahoma City, thats all he does, you can

HARDIN: You mean you can tell him somebodys picture, he'll just draw it?

TURNER: He'll just draw it.

HARDIN: God, thats something, they did draw Tommy out to a "T", boy thats Tommy Ward. Everybody knows thats Tommy Ward, now he drew that out something else.

TURNER: Can you think of anything else Melvin? Before we end this tape.

HARDIN: Ah, no, but tell you, I tell you what I'll go over and talk to Barry and Billy Hammons myself and I'll ah, I'll tell them about Billy Hammons mentioned about cause they might tell me more than they would you,

TURNER: Yeah,

HARDIN: (Inaudible)but man if he did he needs to burn (inaudible)I shouldn't be saying that on tape, but if he did something like that. I'll talk to Barry and Billy if you want me to.

TURNER: Well, ah, like I say, I haven't talked to them, maybe some of the other officers cause we were assigned you know different people to talk to and that you know. they might have talked to them or they might not have, you know, but if you come up with anything else

HARDIN: Well, Barry, OK, I'll let you know,

TURNER: Ok, so were going to go ahead and end the tape, it is 10:37, Melvin, and Deputy Turner are the only two present. This will be the end of this interview.

JoAnn Price came to the station and reported she took her Baby to doctor in Holdenville on July 30, 1984. She said she started home at afternoon and when she was south of Holdenville a silver pickup with grey primer marks on the right side pulled out of Coy's bar and followed her. She said the pickup passed her several times then would pull over to let her pass. She said she pulled off the highway at Allen and to report them to the town Marshall but was unable to find him. She continued to Ada and the two men got behind her again. She said they bumped into her car and would honk at her trying to get her to pull over. About five miles west of Allen the pickup pulled up beside her and forced her off the road. The driver got out and walked to her car and cursed at her and told her to get out of the car. She had her door locked and the windows rolled up. She told the man to leave her alone that she had a gun and would use it. He told her if she had a gun to show it to him he wanted to see it. The man took a board out of the bed of the pickup and broke her windshield in. As the man walked to the passenger side of the car Price put her baby in the back seat of the car and backed up. The man came toward her as she was backing and she pulled forward and struck the man in the hip with the front of her car and knocked him down as she pulled off. She said the passenger sat in the pickup and laughed at what was going on. She said the two men followed her toward Ada and turned off south at the Kalahoma turn off on highway #1.
